

To the Namba Arts community,

Namba has been absolutely essential to the growth of my dance school. The atmosphere of community and family that they have cultivated, made it easy to build classes that shared the same values. My adult customers feel comfortable and welcomed, while my school age students are always super happy to be there.

Namba has been a creative leader in Ventura showcasing amazing talent from around the world and from our own county. It has been such a pleasure to partner with a creative space that truly understands the arts. Their staff is friendly and knowledgeable to help you create a professional event like no other. We have held numerous dance concerts at Namba that have pleased every parent and spectator.

I am so grateful for the insight, generosity, and creativity that Namba encourages and inspires in others. Rivers Dance Arts, but all the arts in general, have a place to flourish in Ventura County because of Namba. Thank you!

Sincerely,

Eboni Morrow Payne
